

## ABOUT AKHIL CHOPRA

Akhil is a Managing Director and Head of Cyber at NFP. His responsibilities include creating new offerings to clients in risk transfer, evaluation and consultation, while developing and implementing NFP's overall Cyber strategy.

Prior to joining NFP, Akhil was a Senior Vice President, Corporate Cyber Practice Leader at Marsh USA. He built out multiple teams across the country to help sell Cyber offerings to new and existing clients and developed key trading relationships in the marketplace to provide unique risk transfer solutions and services. Prior to joining Marsh, Akhil spent time with Integro Insurance Brokers and Aon Risk Services.

Akhil has more than 20 years of experience in the Cyber industry – all of which have been focused on advisory, brokerage and placement. He has extensive experience building out strategies and initiatives to help drive product awareness and solutions. His technical specialties include: Cyber Liability, Miscellaneous Professional Liability, Media Liability and Technology E&O.

Akhil graduated from Michigan State University with a Bachelor of Science in Interdisciplinary Studies in Social Sciences, Human Resources and Society. He is a PLUS (Professional Liability Underwriting Society) member and is licensed to sell insurance in all 50 states.

In his free time, Akhil enjoys traveling. He is married and lives in Des Plaines, Illinois.
