

B. Ray Conley is CEO of Benetic, Inc., the leading digital marketplace for retirement services. Previously, Ray founded Golden Oak Ventures, a cryptocurrency hedge fund, was Managing Director of the specialty finance firm, Finance Technology Leverage and was CEO of Creekstone Capital Management, a Registered Investment Advisor. Prior to Creekstone, Ray was a hedge fund manager at Palo Alto Investors and a private equity and a venture capital partner at Oak Hill Capital.

He has led over two dozen venture capital and leveraged buyout investments creating over \$6 billion in market value, including Financial Engines (NASDAQ:FNGN), Telephia (NASDAQ:NLSN), and Limelight Networks (NASDAQ: LLNW). Ray began his career as a satellite propulsion engineer at Hughes Aircraft Company and later joined McKinsey & Company.

Ray received his B.S. and M.S. in Aerospace Engineering with a concentration in Economics from MIT. He is the inventor of the air-breathing ion rocket engine and has published research on the cause of aortic aneurysms. Ray is a member of the Honorable Order of Kentucky Colonels and is a holder of the right to use the Chartered Financial Analyst® designation. He currently serves on the board of directors of Reciprocity, Inc., the leading software provider of governance, risk, and compliance for information security.
