

Dan Vigdor, Founder, Co-CEO, and Executive Chairman, ThriveDX

Dan Vigdor is a serial entrepreneur with over 30 years of experience in cultivating innovative ideas and developing mission-driven businesses that disrupt industries. His proven track record showcases his ability to adapt and succeed in an array of global business environments. With an unwavering belief in impact investing and making a difference, Dan has become well-known for his ability to turn ambitious ideas into thriving organizations. His entrepreneurial expertise, coupled with his commitment to making a difference, lays the foundation for continued success.

Through ThriveDX, Dan aims to solve the rapidly-growing cyber skills gap by reskilling and upskilling people to meet the demands of the rapidly evolving tech landscape. By providing pathways to stable, lifelong careers in cybersecurity, ThriveDX is actively combating some of the most pressing issues facing the nation today – a cybersafe society. Dan's steadfast belief in empowering individuals from under-resourced communities has been a driving force behind the success of ThriveDX. Recognizing the vast untapped potential in these communities, Dan has made it his mission to create opportunities for people who may not have otherwise had access to careers in the burgeoning field of cybersecurity.

In his previous ventures, Dan has demonstrated a remarkable ability to innovate across industries. As the founder of BornFree Holdings, he revolutionized the baby bottle market by introducing the first fully BPA-free (toxin-free) baby bottle line in America. BornFree quickly became the preferred choice for mothers across the country, leading the FDA to change the law and ban BPA in all baby bottles in the USA. Vigdor also serves as a board member for Eyesafe.com, a company that has established itself as the best-in-class blue light protection and management solution for the world's leading device manufacturers.

Beyond his professional accomplishments, Dan is a proud father and a long-time Miami resident. He is deeply committed to making Miami a thriving community and a better place to live for all its residents. This dedication extends to his involvement in YPO and in the Jewish community, where he actively gives back and emphasizes the importance of philanthropy to his children.
