

David Stone, CPA, MBA, CFE

David is a senior manager in BerryDunn's Assurance, Tax, and Advisory Team, including the firm's Financial Services Practice Group and Employee Benefit Plan Audit Practice. He provides audit, accounting, and consulting services to a variety of clients in the financial services industries, including banks and broker-dealers, as well as employee benefit plans. He specializes in accounting and internal control over financial reporting under U.S. Generally Accepted Accounting Principles (GAAP), regulatory compliance, and more.

David is also a Certified Fraud Examiner and a member of the firm's Forensic Accounting Group, assisting clients with investigation, detection, and prevention of suspected fraudulent activity. He is a recipient of the American Institute of Certified Public Accountants' Elijah Watt Sells Award, earned by a small number of top performers on the U.S. Uniform Certified Public Accountant Examination.
